Dear Dr. Chandakas, Dear Friends,

We are all very proud of our collaboration. This year, we achieved a lot. The events in between those 12 months made our partnership even more important and critical. Our cooperation with everyone at HOPEgenesis was excellent and professional. We may have helped bring some new lives in this world, especially in places that are critical for our nation, but at the same time, we managed to raise awareness around the problem Greece is faced with to thousands of people around in Diaspora.

I genuinely hope and believe that we can work again soon. Your idea to support these islands is excellent and I'm sure it will somehow find the support that it needs to get materialized.

Let's give it some time, but in the meantime, I would like you to fill up the attached form so that we have something in place for us to review.

Again many thanks and congrats for your work!

Michael
